WHO

Gifted girls and boys in grades 4-8, with a passion for robotics who want to become Robotics Gurus – the TGCS way. TGCS eligibility and Membership required.

WHAT

An after-school, one-of-a-kind robotics program that immerses gifted students into the world of robotics, in a fun, team-based environment. Working with the newest LEGO Mindstorms EV3 Robotics systems, students will design, construct, and program robots to solve autonomous and complex tasks, using critical and creative thinking skills, with like-minded peers. Additional possibility of joining a competitive TGCS Roboticons team in the future.

WHEN

10 Weeks of classes held on
April 4, 11, 25, May 2, 9, 16, 23, 30, June 6, 13.
Refunds not available for missed or cancelled classes.

REGISTRATION & PRICING

\$220 for 10 weeks of specialized instruction. All EV3 LEGO Robotics equipment will be provided. A \$5 credit card convenience fee is applied at checkout. Limited spaces are available to maintain optimal class sizes for differentiated learning.
